How to assemble:

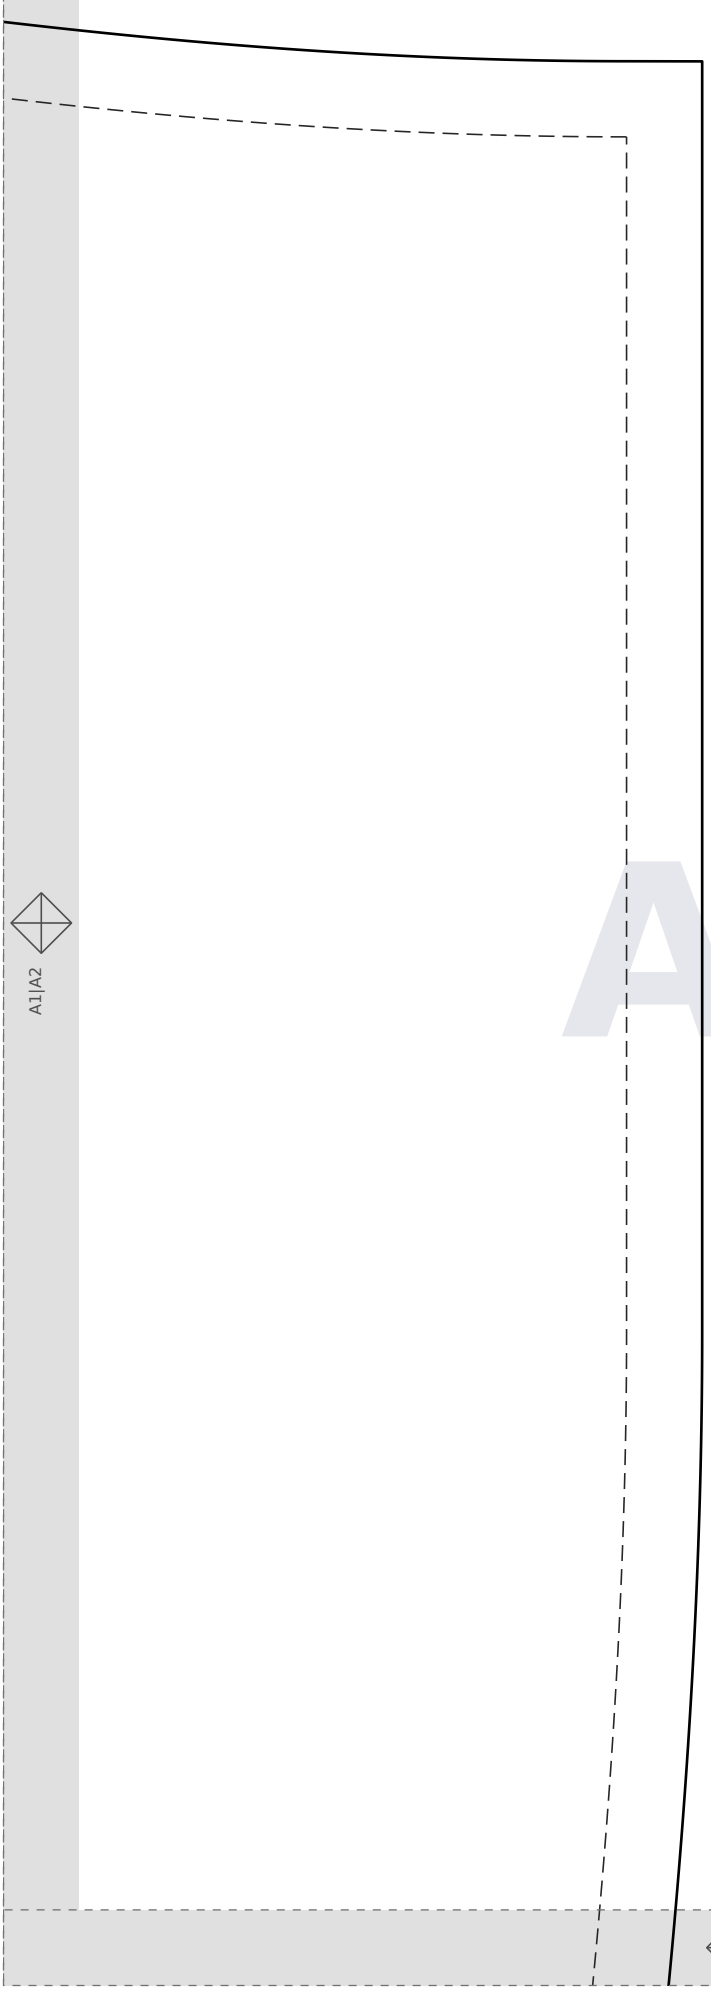

1. Print all pages at 100 %. Measure the control square (5 × 5 cm).
2. On every page, trim the left and top margin along the dashed line.
3. Lay the pages onto the grey glue areas of their neighbours as in the plan below:
   diamonds and lines must match exactly. Then glue them down.
4. Cut the pieces out along the solid cutting line (seam allowance is included).
